Dear Admission Committee Members,

It is with honour and great joy that I am writing to you to support the candidacy of Stefan Simtea for the admission to your University.

I have taught English language and literature to Stefan Simtea since 2015. He is acknowledged to be one of the best students in our High School. His passion for learning and reading is absolutely huge. Also, his enthusiasm for studying grammar structures is astonishing. As a result Stefan has demonstrated writing and literary talent and skills. He has got many awards at the English contests and Olympiads.

Simtea Stefan is clever, hard-working, ambitious, explorative, meticulous, reliable, helpful, sincere, well-mannered, humorous and result-driven. As a matter of fact his clear communication lines have aimed at a secure and safe working environment. He formulates highly original arguments, expressing his own opinions. What is more, he is focused on his personal development. He can switch pragmatically to problem solving. His high level thinking is astounding. Stefan has shown courage and has acted on what needs to be done in a respectful way.

I am aware that his tremendous efforts will meet with success as he meets the requirements of the best universities in the world being an ideal student for any teacher: intelligent, inventive, active, modest, sociable and efficient, being excellent at Maths and Computer Science.

You can contact me at the given number and I shall offer extra information to help you in your decision making process.

Yours Faithfully,
Aurora Eillen
